

The Goldi Chicken mascot greets the learners on 2 December.

Goldi spoils learners and teachers

Goldi, a Division of Astral Operations Ltd, had the privilege of treating the 180 learners and 12 teachers of the Early Bird School with a Christmas party on 2 December. The children and teachers enjoyed a meal and then entertained the Goldi representatives with song and dance and even the Goldi Chicken mascot joined in the fun.

Santa Claus himself presented each child and teacher with a gift.

Early Bird Farm built the school in 1996 for their workers' children staying on the

farm and the majority of the parents work for Goldi. Ms Yolanda Uys, personal assistant to the central region's chief operating officer, Mr Eugene Viljoen, raised the funds and coordinated the event.

Each child received a box with toiletries, stationery, toys and something to eat.

"We regard the project as a great honour that makes one aware of how much we can be thankful for," Mr Viljoen said.

"Nothing can be taken for granted and the faces of the children will remain in our memories for a long time."
